Series Information

This report collects monthly information from lenders affiliated with automobile manufacturers on the terms of loans related to purchases of new and used vehicles, as well as on the performance of vehicle loans, including delinquency rates, refinancings, and repossessions.

Public Release

Selected loan term data are published on aggregate basis in the monthly Consumer Credit (G.19) statistical release with permission from all of the respondents. Loan performance data are not released publicly.

Confidentiality

Microdata are confidential.
