EXECUTIVE SUMMARY

This public section of the 2022 reduced U.S. resolution plan (the “**2022 Plan**”) of CITIC Group Corporation (“**CITIC Group**”) is being filed pursuant to implementing regulations (the “**Final Rule**”) issued by the Board of Governors of the Federal Reserve System (“**FRB**”) and the Federal Deposit Insurance Corporation (“**FDIC**”) (together, the “**Agencies**”) under Section 165(d) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “**Dodd-Frank Act**”), as amended by the Economic Growth, Regulatory Relief, and Consumer Protection Act.¹

Section 165(d) of the Dodd-Frank Act and the Final Rule specify that any foreign bank or company that is treated as a bank holding company under Section 8(a) of the International Banking Act of 1978 (the “**IBA**”) and has US\$250 billion or more in global total consolidated assets is a “**Covered Company**” for purposes of Section 165(d) of the Dodd-Frank Act and the Final Rule.² A foreign-based Covered Company is required to periodically submit to the FRB and the FDIC a plan for such company’s rapid and orderly resolution of its subsidiaries and operations that are domiciled in the United States under the U.S. Bankruptcy Code in the event of material financial distress at or failure of the Covered Company.³

Because China CITIC Bank International Limited (“**CNCBI**”), a Hong Kong-based indirect bank subsidiary of CITIC Group, maintains two uninsured federal branches in the United States, CITIC Group is treated as a bank holding company pursuant to Section 8(a) of the IBA. The global total consolidated assets of CITIC Group, including its U.S. operations, exceeded \$250 billion as of December 31, 2021. As a result, CITIC Group is a foreign-based Covered Company and is required to file a U.S. resolution plan pursuant to the Final Rule.

Under the Final Rule, any Covered Company that is not a globally systemic important bank holding company, nonbank financial company supervised by the FRB, or a Category II or III banking organization is a triennial reduced filer. A triennial reducer filer must submit a reduced resolution plan to the FRB and FDIC every three years, on or before July 1 of the year due. CITIC Group meets the criteria for triennial reduced filers and is therefore filing a reduced resolution plan for 2022.

Under the Final Rule, the public section of a reduced resolution plan must include an executive summary that describes the business of the Covered Company and includes, to the extent material to an understanding of the Covered Company: (1) the names of material entities;

¹ The Final Rule is codified by the FRB in 12 C.F.R. Part 243 and by the FDIC in 12 C.F.R. Part 381. Citations to the Final Rule in this 2022 Plan are to the regulations as codified by the FRB.

³ See 12 C.F.R. § 243.4.

(2) a description of core business lines; (3) the identities of the principal officers; and (4) a description, at a high level, of the Covered Company’s resolution regimes for its material entities.⁴

As noted above, the resolution plan requirement is designed to require periodic reports on a Covered Company’s rapid and orderly resolution under the U.S. Bankruptcy Code. In the case of a Covered Company incorporated or organized outside the United States, “rapid and orderly resolution” is defined as “a reorganization or liquidation of the subsidiaries and operations of such foreign company that are domiciled in the United States under the U.S. Bankruptcy Code that can be accomplished within a reasonable period of time and in a manner that substantially mitigates the risk that the failure of the covered company would have serious adverse effects on financial stability in the United States.”⁵ The scope of the 2022 Plan is accordingly limited to CITIC Group’s subsidiaries and operations domiciled in the United States. To provide context, this 2022 Plan may include additional content beyond the resolution plan requirements for informational purposes only.

CITIC Group is a state-owned investment holding company incorporated in the People’s Republic of China (“**PRC**”) with headquarters in Beijing. Established in 1979, CITIC Group is wholly owned by the Ministry of Finance on behalf of the State Council and is controlled by the PRC government. CITIC Group’s holdings are broad and diverse and span many sectors including financial services, resources and energy, manufacturing, real estate and infrastructure, engineering contracting, and other businesses in China and overseas. As of December 31, 2021, the global total consolidated assets of CITIC Group were RMB 8.8 trillion (US\$ 1.4 trillion).⁶ The operating income for the year ended December 31, 2021 was RMB 620.0 billion (US\$ 97.3 billion).

As of the end of 2021, the total assets of the new-type urbanization business segment were RMB 304.6 billion (\$47.8 billion).

(1) **The names of material entities**

Under the Final Rule, “**Material Entity**” means a subsidiary or foreign office of the covered company that is significant to the activities of an “Identified Critical Operation”⁹ or “Core Business Line,”¹⁰ or is financially or operationally significant to the resolution of the covered company.

⁹ “Identified Critical Operations” are defined in the Final Rule as “the critical operations of the covered company identified by the covered company or jointly identified by the [FRB] and the [FDIC] under §243.3(b)(2).” “Critical Operations” are defined in the Final Rule as “those operations of the covered company, including associated services, functions and support, the failure or discontinuance of which would pose a threat to the financial stability of the United States.” 12 C.F.R. § 243.2.

¹⁰ “Core Business Lines” are defined in the Final Rule as “those business lines of the covered company, including associated operations, services, functions and support, that, in the view of the covered company, upon failure would result in a material loss of revenue, profit, or franchise value.” 12 C.F.R. § 243.2.

The 2022 Plan is required to include an executive summary that includes the names of Material Entities domiciled in the United States. Because CITIC Group did not identify any Critical Operations or Core Business Lines domiciled in the United States, and has no Identified Critical Operations domiciled in the United States, CITIC Group determined that it did not have any Material Entities for the purposes of this 2022 Plan. As part of CITIC Group’s ongoing resolution planning process, this determination will be subject to ongoing evaluation and updates.

(2) A description of core business lines

The 2022 Plan is required to include an executive summary that includes a description of Core Business Lines domiciled in the United States. “Core Business Lines” are defined in the Final Rule as “those business lines of the covered company, including associated operations, services, functions and support, that, in the view of the covered company, upon failure would result in a material loss of revenue, profit, or franchise value.”¹¹ Based on both quantitative analysis and qualitative analysis, CITIC Group has determined that it has no Core Business Lines in the United States.

(4) A description, at a high level, of the covered company's resolution strategy

CITIC Group expects that, in the event of material financial distress at or failure of CITIC Group, its nonbanking U.S. entities or substantially all of their assets will be sold as a going concern or, if not sold, will be resolved under the appropriate resolution regime applicable to each entity consistent with the fiduciary duties of the board of directors of such entity and other applicable laws and/or rules (*e.g.*, a proceeding or a jointly-administered proceeding, if one or more nonbanking U.S. entities of CITIC Group enter into such proceeding, under Chapter 11 of the U.S. Bankruptcy Code (11 USC §§ 101 *et seq.*)). CITIC Group expects the resolution of the uninsured federal branches of CNCBI to be governed by the IBA (12 USC §§ 3101 *et seq.*) in conjunction with the receivership provisions of The National Bank Act (12 USC §§ 191 *et seq.*).
