Note. Data are estimates from the Federal Reserve System's Survey of the Terms of Bank Lending to Farmers. Quarterly estimates are expressed as an annual rate and are based on loans made during the first full week of the second month of the quarter.

1. Loans used primarily to finance such items as current crop production expenses and the care and feeding of livestock (including poultry).

2. Typically loans for which the lender does not know the purpose.

3. Portfolios with \$25 million or less in farm loans.

4. Portfolios with more than \$25 million in farm loans.
