Comments:

Overdraft fees are totally out of control. I bank with Bank of America. Last year, Bank of America would not charge overdraft fees on pending items. That way I could look at my account, see pending transactions, and then move money into the account to cover any pending transactions. They then changed that policy and started charging fees on pending transactions and the overdraft fees went through the roof. One day I was charged 7 overdraft fees at \$35 each on amounts as little as \$5.
