Dear Email comments,

Start putting the consumer first instead of greedy big business. The general public has reached a breaking point in their outrage in being bilked out of money.

Realize that when the entire nation suffers from others greed, the businesses will ultimately fail themselves when no one is left with a job or money to buy goods.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Jeff Kish
