Dear Email comments,

I urge you to support requiring banks to (1) ask my permission before charging ATM and debit overdraft fees, (2) stop charging fees I didn't sign up for and didn't know about, and (3) the right to choose the types of transactions that trigger those fees.

In today's economy more than ever, we must ensure consumer safety and stop the unethical banking and credit practices that have helped destroy American lives. Any action that works against consumer interests will only further our national economic crisis.

It is time to protect American citizens and stop yielding to banks and their lobbyists.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Ms. Sarah Perez
