OUTRAGEOUS !!

That's the only word I know that can even begin to describe what the banks are doing to thousands ----- perhaps millions of their customers,

to wit ;

(1) A customer has \$109.00 balance in his checking account.

(2) Five checks come in, \$106, \$48, \$42, \$10 and \$5 . Now guess what? The bank pays the \$106 check and charges it's hardworking customers up to \$35.00 per, on the remaining four smaller checks ( 4 x \$35.00 = \$140.00 ).

OUTRAGEOUS !      OUTRAGEOUS !

We need your help badly because the banks certainly aren't helping us ----- their cleaning up !!

P.S. I don't know about anyone else ----- but " Mr. Bank " please don't do me any more favors ----- pay the four checks and charge me \$35.00 instead of \$140.00.
