Dear Sirs;

Thank you again for what you are doing to help The United States of America.
We need to get Bank of America to be accountable for their misleading practices towards their account holders.

In harpers Magazine Thomas Geogehan in April 2009 issue, wrote: " Now banking is a fee-paid business, too"

My wife and I have been under a lot of stress, trying to get back in our feet, after so many \$ 35.00 more than 12 times in this year alone, in the same month.

After she decided to leave them as employee, because her mother got sick, and the the way she was treated since is "older" and a "woman of faith", and " Colombian" they have bombard her with attorneys fees for credit card debt that they created themselves with fees she doesn't owe.

Please demand our moneys and the United States of America"s, her people, to be put back in their accounts within 30 days.

Be brave America, shine again.

We are people that love God, and love people and want the good for the land.
For those who have the rule over us, we pray, remember justice will prevail.

Honor, Character, Dignity, Responsibility, Respect, Commitment and Accountability; this are things we can not let this so called Bank Of America take from us.

If they were from America they wouldn't be doing that to his people.

Best,

M. David Newton
