It is time to rein these fees in! I had a problem when Walmart made a mistake, I was overdrawn by \$1.32 because of their mistake and charged over \$90.00 in fees. Walmart refused to notify the bank and the bank wouldn't call Walmart so I was left paying the bill. I withdrew my account from WAMU and changed to a local bank but their fees are outrageous, too. It's time to stop the thieves that run these banks.
