Comments:

Dear Federal Reserve:

We want to ensure the new 21-day rule for Open-End Credit obligations also know as the Accountability Responsibility Disclosure Act (CARD Act) acknowledges e-billing information in the new 21-day noticing requirements. We want to ensure acknowledgement is given to electronic notification as many of our educator members have opted for this method to help support our environment and protect their personal information from filtering through the U.S. Mail.

Thank you!

Madeline Montano, Executive Vice President
