Dear Email comments,

After all this lying and fraud to make a quick buck at our national and international loss, are the bankers or the Feds in charge of our U.S. government ??

We Americans i believe want honesty and accountability for our savings and the full and proper regulation of all financial transactions, such as the IRS allowing millions to leave the US to foreign tax shelters like Grand Cayman.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. DG VAN ARSDALE
