Federal Reserve Board Email comments

Dear Email comments,

I had overdraft protection and guess what?? I was charged for an overdraft fee when I accidently got busy and wrote check knowing I was carrying Overdraft protection and they told me there was a limit of how many OD's you could do in a month. That was recently established by the Credit Union I belong to. What the heck? They get you one way or another for fees and I think it should stop now! It's my money whether it is in the savings or checking account. What is the deal with this? That is so wrong. Please stop ripping off the American public just because you can. There is a limit to all of our patience and tolerance. It's time for this greed to stop now.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Ms. Diane Geboskie
