Dear Email comments,

The banking industries have done thier best to take as much money out of the American taxpayer pockets as they can. Most of these banks have credit card division which also do their best to ripp off the public. But every little fee they can get just to make thier books look better so they can get thier unbelievable bounces. Its time congress starts looking out for the voters and not the banks or special interests. We're giving banks millions in relief but they still we not give the public a break. Just because we ( the american taxpayer ) don"t have a voice on ourside to speak up for us. WHEN WILL YOU START ANSWERING TO YOUR VOTERS.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Michael Williamson
