Dear Federal Reserve Board Director:

Tell the Fed you want opt-in, and if you have been burned by banks' unfair overdraft practices, tell them your story.

I have 20+ years hands on bottom up Professional service experience and a degree in ORGANIZATIONAL MANAGEMENT earned as a proven proactive problem solving life long learner. I was traumatized by 911 and Hostile work environments. Labor uprising in Chicago.

It has pretty much ruined my life .I have overpaid and no one helps me i get the run around and i can barely handle this anyway.

I have overpaid about \$50,000.00 cash i was severely underpaid . I thought I would get a better job.
I was harrassed all over chicago and fired at will after some teller at NORTHERN TRUST sabotaged my work.

Enough is enough . Also I have been in fear of robbery ,id theft and people prying in my personal business affairs.I know the bills are all screwed up.The banks need to be responsible for the employess they hired and they were INCOMPETANT and hostile. I have had an account at First Chicago/bank one and Chase 32 years bank at work.

Charter one 32 years. i have spent my working life around money and been the Target of labor troubles. I want the name of a Professional to help me fix my accounts.

Since 1994 some one threaten Corporate America.You had mobbing ,bullying and sabotoge---payrolls bounced,payments not applied
OUTSOURCE[OUTPLACE fired at will

Sincerely,
