Dear Email comments,

The time has longed gone for the government to assume its lawful obligations to protect consumers and small businessmen from the entities that have so much power that they can determine whether you survive or go under. THIS HAS GOT TO STOP AND NOW. I don't care what the issue is but the government must always come down on the side of the People, rather than the crooks and liars who seem to be in complete control of big business today.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Miles Tilly
