Dear Email comments,

Isn't it time that the main street person get a little help from our elected officials?

The predatory lending practices, fees charged by banks and credit card lenders are outrageous! In this economic downturn, I feel as though I am being charged twice; paying taxes for bailouts and then paying again for fees. When does the rape and pillage of the main street person stop?

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Ms. Patricia Virzi
