Federal Reserve Board Email comments

Dear Email comments,

To whom it may concern;

To begin, I don't fully understand how a private banking organization such as yours, has authority over these matters. It is my political will that the government of these here United States, take back over the job of controlling its own money because it is you, the Federal reserve, who is breaking the financial back of this country. They way I see it, it's a bit like putting a tax evader in charge of the treasury.(Hey! Wait a minuet!)

Be that as it may, I am currently forced to ask you the unthinkable: please help reel in your fellow bankers!
Thank you.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Wayne Stewart
