Federal Reserve Board Email comments

Dear Email comments,

I am deeply concerned with the way that American banks are doing business. Now that taxpayer money has bailed out the banking industry, it is time for the banking industry to play fair and to curb excessive fees, i.e. ATM fees and overdraft fees. At this point, their greed seems to know no boundaries. It is time for the federal government to step up and protect consumers.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Ms. PierAngeli Morrison
