Dear Email comments,

It's time to bring banks and the terrible people who own and run them into the new century. they have been cheating consumers unmercifully for way too many years and they reached about as low as they could get under the criminal Bush administration. We need this protection from those corrupt banks.

Please allow me the chance to opt-in to overdraft services. This is the only way that I will truly feel protected.

Sincerely,

Mr. Clark Davis
