City: Houston

State: TX

Country: UNITED STATES

Zip: 77063

PostalCode: 77063

Comments:

I think these fees are ridiculous. Consumers should be notified of overdraft possibilities or declined. I would even say a less expensive fee especially since its been proven that banks use trickery so that they can manipulate the processing, intentionally causing you to overdraft thus allowing high fees to you based on the way the choose to process not in the sequence to which items were purchased.
