General Comment:I think it's really sad how the banks rip off their customers. The fact that my bank charges \$34 per overdraft fee is ridiculous. If my account is short \$1 you charge me \$34, that's highway ROBBERY. No one asked the bank to pay for the transactions, if the funds are not there then the account should remain in a negative status until the next deposit. Don't voluntarily pay and then charge me I didn't give you permission to do so. With a practice like this one I see why they make 7.8 billion annually.
