Federal Reserve Board

Dear Federal Reserve Board:

If CRA had covered more lenders, the economic collapse wouldn't have been so drastic or could have been avoided altogether. Please expand and modernize CRA to cover more lenders to protect communities and borrowers like me.

I as a member of Americans for Fairness in Lending and Americans for Financial Reform am partnering with them to reform the nation's lending industry and financial system to protect Americans' neighborhoods, homes and pocketbooks.

For too long, the rules of Wall Street have been written by the bankers themselves. This year, that has to change.

We are a coalition of over 200 national, state and local consumer, labor, retiree, investor, community and civil rights organizations that have come together to spearhead a campaign for real reform in our banking and financial system.

Sincerely,

Andrew Politzer
