Federal Reserve Board

Dear Federal Reserve Board:

If CRA had covered more lenders, the economic collapse wouldn't have been so drastic or could have been avoided altogether. Please expand and modernize CRA to cover more lenders to protect communities and borrowers like me.

The more people that can stay in their homes the better people and the economy is!

Our small biz is down, our home is going to auction in Sept. My 401K was gambled away! I have a teenage son, 3 dogs and low income and no idea where I can go. There are millions of US in this situation because of legalized corruption that got bailed out & golden parachutes.

If we could stay in our homes it would help stabilize people, families, communities and businesses and it's the least the banks can do for US!

Looking forward to hearing your progressive stance and action to stop this emergency situation.

Sincerely,

Laura Schlegel
