Body (please personalize the bracketed areas to ensure your letter is not overlooked):

My name is Michael Parrish

"We the People" have lost faith in our Federal Government... in its integrity... its accountability... its ability to govern without invading our privacy... its horrendous greed while in league with the Big Banks, etc. Just about everything Uncle Sam does is designed to weaken our freedoms and steal our wealth. Uncle Sam is in bed with these Big Bankers. Why should we expect any real change?? History throughout the millenia and indeed our own American history has taught anyone who will read about it that there is no truly honest government because there is too much wealth and power involved in the running of it.

NO!! I will NOT BEG for you to make things better. You're just another puff-of-smoke and shift-of-mirrors to divert our attention and make U.S. THINK you're sincere and want to help. I'm calling it BS.

This is why I choose to NOT be in debt... I'll pay CASH for everything from now on and when it comes time to retire I'm leaving this country for a little self-sustained place far away where people like you aren't likely to bother me. Buy this... don't be independent with a self-sustained homestead... stay in debt... feed the monster... so the top few elite will become wealthier and more powerful by squeezing every last penny out of the rest of U.S. NO THANKS!!

I'll agree that "We the People" need:

* Real Accountability and Fairness for Banks. Banks like Bank of America and Wells Fargo that took down our economy should not receive outstanding ratings. Banks should no longer be allowed to pick which of their areas they are graded on or which parts of their companies get looked at.

* Banks must get failing grades if they discriminate by offering toxic loans, less credit, worse credit or inadequate services to African-American and Latino communities.

* Strengthen the requirements for banks to work with us. If they are not doing their jobs, we will be the first to know. We need to be able to challenge the banks directly to meet our credit needs.

BUT THIS WILL NEVER HAPPEN!!

Extremely Disappointed Patriot,
Michael Parrish
