My name is Jack Curtis.

Good affordable social credit is essential to the health of our society. The main problem is we have, since 1933, been letting the big banks of the "Federal Reserve" print up our currency for us & then claim it belongs to them & we have to do their bidding to get some of it. Our money, like our country, should belong to the people, not to the Usurers.

Sincerely,

Jack R. Curtis
