Federal Reserve Board

Dear Federal Reserve Board:

If CRA had covered more lenders, the economic collapse wouldn't have been so drastic or could have been avoided altogether. Please expand and modernize CRA to cover more lenders to protect communities and borrowers like me.

My house is in foreclosure. I am unemployed. I am too old to start over from zero. I don't want to try to live on the streets. My only option is death.

I am sure that there are many thousands who cannot live in a country that would choose to support the mindless, soulless greedmongers over the vast majority of their citizens. A country that caters to the obscenely wealthy at the expense of the other 99% of it's citizens. The entire base of my survival has been wiped out.

Do you happen to have the suicide stats handy??

Sincerely,
