Proposed Agency Information Collection Activities; Comment Request

AGENCY: Board of Governors of the Federal Reserve System

SUMMARY: Background. On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act (PRA), as per 5 CFR 1320.16, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR 1320 Appendix A.1. Board-approved collections of information are incorporated into the official OMB inventory of currently approved collections of information. Copies of the Paperwork Reduction Act Submission, supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposal to approve under OMB delegated authority the implementation of the following information collection:

Report title: Recordkeeping Requirements Associated with Limitations on Interbank Liabilities.

Agency form number: Regulation F.

OMB control number: 7100- NEW.

Frequency: On occasion.

Reporters: State member banks and insured domestic branches of foreign banks.

Estimated annual reporting hours: 6,808 hours.

Estimated average hours per response: 8 hours.

Number of respondents: 851.

General description of report: This information collection is mandatory pursuant to section 23 of the Federal Reserve Act, as added by section 308 of the Federal Deposit Insurance Corporation Improvement Act of 1991 (FDICIA) (12 U.S.C. 371b-2). Because the Federal Reserve does not collect any information, no issue of confidentiality normally arises. However, if a compliance program becomes a Board record during an examination, the information may be protected from disclosure under exemptions (b)(4) and (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(4) and (b)(8)).

Abstract: Pursuant to FDICIA, the Federal Reserve is required to prescribe standards to limit the risks posed by exposure of insured depository institutions to the depository institutions with which they do business (correspondents). Regulation F generally requires banks to develop and implement internal prudential policies and procedures to evaluate and control exposure to correspondents. Section 206.3 of Regulation F stipulates that a bank shall establish and maintain written policies and procedures to prevent excessive exposure to any individual correspondent in relation to the condition of

the correspondent. In these policies and procedures, a bank should take into account credit and liquidity risks, including operational risks, in selecting correspondents and terminating those relationships. The policies and procedures should be reviewed and approved by the bank's board of directors at least annually.

Board of Governors of the Federal Reserve System, July 15, 2010.

Jennifer J. Johnson,
Secretary of the Board.
