Federal Reserve Board Email comments

Dear Email comments,

This country is for freedom, justice and the pursuit of happiness, we support responsible business but not corporations that use lies, bank and creditcard trickery to distroy American families. & Attach so much debt to our college students that at 22 they are overwhelmed and have no way of paying it back. These companies have created a new type of slavery and dispair in our country. Enact proposed credit card rules ASAP.

Sincerely,

Mrs. Gretchen Altabef
