Federal Reserve Board Email comments

Dear Email comments,

I've been living this CREDIT CARD NIGHTMARE since 2000. Since I can't afford to pay a lawyer to stave off the creditors, I already had to shell out close to \$10,000 of credit card debt I DID NOT PERSONALLY INCUR. But the credit card companies are a racket that extorts money from innocent people like myself that allows the interest to keep running-up and increasing so long as you do not pay off the outstanding balance.

Sincerely,

Mr. davis kieff
