Dear Email comments,

Attn: Federal Reserve Board

We as consumers are Drowning! The banks and Credit card companies have

Free Reign on taking full advantage on consumers for way, way too long. Competition is Not helping consumers. The banks and credit cards companies have for years now played on an unlevel field with every advantage to their favor. Deregulation has gone Too Far! We need some protection, we're dying out here! Please support and enforce strong legislation protecting consumers by giving consumers a level field. If ever it was needed, now is the time.

Thank you for your time and consideration;

Teri Travis

.

Sincerely,

Ms. Teri Travis
