Comments:

@@@I have very upset about these undisclosed debit card fees POS tranactions. I believe it is my right to decide whether or not I want to may cash and not be charged, instead what usually happens they charge you as much as \$1.00 for a \$4.00 transaction without actually advising ahead of time of these fees. These fees have continually increased during last several months. These is unfair business practice and I am glad this is being looked into.
