Subject: Truth in Lending

It is sad and sickening to live in a country claiming to be the land of the free -- but whose governments main goal, it seems, is to protect big corporate credit card companies - finding every means available to make it legal for these credit card companies to extort money from its customers - the American people.

You must do something to protect us! We the people deserve much better from our government! STOP THE CREDIT CARD COMPANIES FROM ROBBING US!

CHANGE THE LAWS / REGULATIONS NOW!! WE DESERVE BETTER FROM YOU! WE DEMAND BETTER!
