**Subject:** Truth in Lending

Instead of making abortion the "biggie" that everyone gets up in arms about every 4 years  
(on both sides -and no one settles the issue)

tHERE SHOULD BE MORE Politicians TALKING ABOUT WHAT THEY'RE GOING TO DO ABOUT  
OUTRAGEOUS credit card charges and practices and other things(like high government spending) that  
is sucking the life blood out of  
the average citizen's bodies. What can we? Lay down and play dead ? I'm tired of doing that. I'm really to  
fight back!!!!!!!!!!
