**Subject:** Regulation Z

I Rosa Colbert C.E. O. Of Kingdom Dominion Mortgage , Disagree with the action that have already affected our ability to Operate as a Thriving Industry. Florida has always been Top of this Great Industry of Realestate and I Propose that The Issue at hand not allowed. We would Completly be out of " JOBS " and we have worked to build our Companies. The Board of Governors should be ASHAMED to even attempt to cut Our Throats. I for one will fight for the Right To Stand as a Independent Broker. Rosa Colbert
