Federal Reserve Board Email comments

Dear Email comments,

THE CREDIT CARD COMPANIES ARE THE NEXT ECONOMY BOMB. THEY MUST BE BETTER REGULATED, LIKE BANKS. THE WAY THEY OPERATE IS LIKE A DRUG COMPANY PROMOTING AND SELLING CIGARETTES AND ALSO SELLING THE CURE FOR

LUNG CANCER. THEY OFFER CARDS TO PEOPLE THAT SHOULD NOT HAVE THEM, AND THEN RAPE THEM IN FEES. THEY ARE GIVING THE U.S. A VERY BAD REPUTATION. THE CREDIT CARD COMPANIES ARE PREDATORS AND CONGRESS SEEMS MORE INTERESTED IN THEIR CONTRIBUTIONS THAN IN HELPING THE PEOPLE WHO ELECTED THEM. TIME TO STAND UP AGAINST "CRIMINAL" CORPORATE BEHAVIOR. SHOW SOME GUTS!

.

Sincerely,
