Federal Reserve Board Email comments

Dear Email comments,

Most credit card companies are guilty of predatory lending and must be greatly restricted. It would seem they have taken lessons from Tony Soprano.

Something must be done to protect the millions of people who unfortunately have come to rely on their credit cards.

.

Sincerely,

Ms. Marilyn Whitesides  
158 E 7th St Apt E5  
New York, NY 10009-6282
