Federal Reserve Board Email comments

Dear Email comments,

Gentlemen of Congress

I see so many of our employees decimated by the Credit card companys  
pracices. There is nothing fair about 30% interest because of going

over limit, which card co does not have to accept at the point of sale,  
or %30 interest for any reason. 18% should be the max set by fed law

Sincerely

Doug Jandebour
