**Subject:** Regulation AA

Jul 24, 2008

Federal Reserve Board Email comments

Dear Email comments,

Allowing financial institutions to abuse those they service and to run amok without reasonable restrictions is bad policy. Just look at what happened when no one worried about making sure that mortgage lenders were properly regulated! I see no reason why any legislature would hesitate to ensure that such unethical practices are stopped NOW.

.

Sincerely,

Mrs. Ava Nackman
