Federal Reserve Board Email comments

Dear Email comments,

Other problems that I have had; EFT payment for credit card from my checking account. Credit card company claims bank account information incorrect and payment doesn't go through, although when I go back into

credit card site and resubmit payment (without changing bank acct info) payment is accepted with no problem!

Sincerely,

Mr. Marion Seckinger
176 New St
Macon, GA 31201-2645
