Dear Email comments,

While you consider the many changes that need to be made to help the consumer.Keep in mind the reason you ran for office and all the

promises you made to get elected.I'm sure you wanted to be the one that made a difference and now is your chance to listen to your mind and come though and help the little guy. One big way to help is to be able to take credit on our income tax like we used to. Be the voice of us little people who are just being able to get by and be a difference maker. Thank you and God bless.

.

Sincerely,

Mr. harold gamby
