Federal Reserve Board Email comments

Dear Email comments,

Want another credit crisis, let them police themselves and make all the punitive rules like you have every thing else.  
It will come to bite your retirement account when the market crashes again from yet more credit problems from run away banking rules and programs without control.

Sincerely,

Mr. Scott Trant  
14600 Misty Dr  
Cloverdale, OR 97112-9414
