Subject: Regulation AA

Are banks going to beat out the CAR SALESMAN and gain the title of WORST ENTITY - BEWARE OF - YOU'RE WALKING TO THE BIGGEST CHEAT IN BUSINESS - ????

Where are you bank regulators?

On who's side are you bank regulators?

Why are you allowing low marketing schemes to represent the banking world?

Who are you regulating? Where are your standards? Do you have any left?

If you do, protect cardholders from unfair practices. It's your duty to do so.
