Subject: Regulation AA

I would just like to take a moment of your time to thank you for potentially addressing unfair credit card and lending practices. I am a consumer who always pays her debt eventually and have been seriously disappointed by the few abuses I have experienced. Because I don't have the cash to pay my balance in full due to a lengthy illness, I feel quite powerless.

Please protect us from what amounts to cruel abuse of power by large corporations (whose policy makers should know better. i.e. conscience) against weak individuals without anywhere to turn for simple, fair business practices.

The simple fact that anyone in government cares about "the little people" enough to consider protecting us gives me hope.

Thank you,

Jennifer Quinn
