Federal Reserve Board Email comments

Dear Email comments,

It seems for too long we have been at the mercy of the credit card companies. With out restraint these companies have for many years been allowed to operate as they wish. A consumer bill of rights is needed,

as you can see they are unwilling to regulate themselves. Their actions speak volumes and may have contributed to the current meltdown which has had a devastating impact on our economy. Thanks Derrell

.

Sincerely,

Mr. Derrell Angle
