Federal Reserve Board Email comments

Dear Email comments,

I want a standard for the ins comp to follow. I want my due date to be 30 days after they mail the bill to me. I had one company prepare the bill on the 15th process and mail it a week later, add three days for delivery to me...I had 15 days to get the bill to there office which was actually nine days as no mail on sunday and three days to get to them. I called them on it several times. Oh they understand as they charge me \$25 for a late fee, extra interest and a fee to turn my cell phone back on (AT&T). I want real time between the bill and the due date so I can always pay on time. This also effects my credit rating.

And stop interest charges on debts paid off the previous month. And when they screw up I want interest on the money that I could have left in my bank.

Sincerely,

Dr. salvatore principe
