Federal Reserve Board Email comments

Dear Email comments,

To Whom It May Concern,

I can't believe how much the credit cards make from the general public. It is ruining those who get caught in the trap! It is time to do something to lower the interest charges on debts that have not been paid off the previous month and other devices that the credit cards have devised. It is time!  
Thank you.

.

Sincerely,

Mrs. Beth Beck
