Federal Reserve Board Email comments

Dear Email comments,

What a shame! The whole world wants to live in the United States. I say

charge foreigners that extra cash to keep Americans and the credit card companies happy. Why does the Federal Gov. make their own citizens suffer. There are many rich people that come into this country that could bring more of their money with them. Then we will see if the foreigners will want to come here. At least we'll have their money.

.

Sincerely,

Ms. lorrle pappas
