Federal Reserve Board Email comments

Dear Email comments,

I ask that you hold strong against the credit card companies and enact this legislation. Broken down into simplest terms, it is all about fairness. Since the days of moving to South Dakota in the 80's to the "low introductory rate" of today, the banks have looked at every nook and cranny to squeeze money out of us. I don't mind the banks making money. But do it in a way that's fair and transparent - not underhanded and predatory. Thank you.

.

Sincerely,

Mr. Doug Kazensky
