Federal Reserve Board Email comments

Dear Email comments,

The people of the United States would highly appreciate it if you helped and stopped credit card companies from hiking interest rates on existing balances (unless you pay 30 days late), if you helped and stopped them from applying the monthly payment to low-interest debt first, if you made the credit card companies give us time between the bill and the due date so we can always pay on time, if you made them stop interest charges on debts paid off the previous month. Please protect the consumers, not the corporations. Thank you.

.

Sincerely,

Ms. Dorota Miller
