Federal Reserve Board Email comments

Dear Email comments,

This involves a claim with paypal concerning ebay item XXXXX XXXX
Buyer claims the wheelset was not as described and that
the spokes came loose after the third ride. The wheels were sent in
excellent condition, i pride myself with 197 transactions with a 100%
feedback. The buyer claimed he had the rear wheel rebuilt with a third
party, this is implied liability on his part, had he decided to not
accept the wheels on receipt he would have had a full refund. The buyer
will not communicate after sending 3 emails. Paypal has been holding my
\$425.00 now for almost a month with no decision.

My XXXXXXXX hawaiian time, this is unacceptable that paypal has
the power to do this. I would greatly appreciate you looking into this
matter.

Sincerely, Lance Nash.

.

Sincerely,

Mr. lance nash
